In addition to this document, additional regulations for promotions, discounts, and contests may apply to your orders, if organized by us. The rules for processing your personal data are detailed in our [Privacy Policy](#).

Do you have any questions? Contact us at e-mail sklep@coffeedesk.pl, or phone number +48 730 88 25 25.

If you are shopping as an entrepreneur, such as for a company or for professional purposes, please use our B2B service at <https://b2b.coffeedesk.com/>.

2. These terms and conditions, together with your order, primarily determine the rules of sales on the Coffeedesk website and the fulfilment of orders placed by you - both are an integral part of the sales contracts we conclude with you. In addition, the regulations of promotional actions, discounts and contests, if any are organized by us, may apply to your order.

How to place an order?

12. To place an order in our store, add the desired product to your cart. You can do this by clicking the button with the price and icon in the product list or by clicking the "add to cart" button on the product's page. The shopping cart is where you can manage your order before finalizing it.
13. After adding products to the cart, select the "go to checkout" button, log in or enter data in the appropriate fields of the form as a guest, and go to the order summary. Then verify the quantity and type of products ordered, select the method of delivery.
14. You can also add a gift-wrapping service to your order. Follow the link provided in the order summary for a list of packing options and select one of the dozen numbers from the drop-down list. If you don't indicate a number here, we will randomly select the packing method for you.
15. To the order, in the "additional comments" field, you can add your comments or detailed requests regarding the order and its processing. Remember that your comments must not contradict the basic content of the order, i.e. the quantity and price of the products, the selected delivery method, or the selected services. Entering comments to your order may prolong its processing.
16. You can also add a free graphic design service to your order. If your description of the drawing does not violate our standards and ethics, we will create the drawing you describe on separate material or directly on the package in which the order will be delivered. Adding this service to your order, can extend its processing.
17. If you have completed all the data, accept the Terms and Conditions and Privacy Policy, select the "Order and pay" button, after which you will be able to pay for the order in the manner of your choice. When you do this, you will receive an automatic email from us confirming that we have received your order.
18. In the next message we will send you a confirmation of acceptance of your order for processing, together with the details of your purchases (products, prices, terms of delivery and payment, and contact and address information). This will be the moment when the contract is concluded.
19. You will receive additional information about the handling of your order from us or the carrier of your choice who will deliver it to you.

What are the payment and delivery methods?

20. The prices quoted by us in the Store are gross prices, i.e. they include Value Added Tax (VAT) all taxes and other public charges.
21. You can choose one of the payment methods available in our Store at the time you place your order, such as payment by card or other ways of payment if currently available in our Store.
22. We stipulate that the possibility of selecting certain payment methods may not be possible in a particular case. In particular, technical interruptions are possible both on our side and on the side of the service providers enabling these payment methods. In addition, the providers of these payment

methods may place additional requirements to use these services, such as they may examine your creditworthiness.

23. If you do not pay your order in full within 7 days after placing it in case of payment by bank transfer or 4 days in other cases, we will withdraw from the contract, cancel your order and will not process it.
24. You can choose one of the delivery methods available in our Store at the time you place your order, such as courier delivery to the address you specify or other methods such as parcel machine delivery or personal pickup if currently available in our Store.
25. We stipulate that for some orders, some of the specified delivery methods may not be available. You will know the delivery methods available for your order before placing the order.
26. In our store <https://www.coffeedesk.pl/>, we only deliver orders within Poland. If you want to use shipping outside of Poland, please do your shopping via <https://www.coffeedesk.com/store>.
27. The payment and delivery methods available in our store at the time of placing your order will be displayed in the order summary. There, you can select from the available options, compare delivery costs, and choose the one that best meets your needs.
28. You can get familiar with our Store's current prices and delivery methods and payment methods at this link: [Delivery and Payment](#).
29. In our store <https://www.coffeedesk.com/> we will deliver your order to the address you specify within the European Union. However, for logistical reasons, we do not deliver orders to the non-continental part of the European Union, including islands such as Malta, Mallorca, Guadeloupe, French Guiana, Reunion, Saint Martin, Madeira, Azores or Canary Islands.

How can you check products at home?

30. We understand that when you buy products from an online store, you need to check them in your home, evaluate these products for your needs and possibly return (withdraw from the contract), for example, if it turns out that the purchased product does not meet your expectations.
31. You can inspect the products as you would in a physical store or our showroom. This means you can examine their physical characteristics, such as size, weight, and materials. However, if you do not intend to keep the product, you should not use or test it practically (e.g., making coffee in an automatic coffee machine or using food contact items).
32. Please note that if your inspection of a product goes beyond what is necessary to confirm that it conforms to its description, or if, as a result of such inspection, the value of the product decreases and you return it to us as a withdrawal - we will be able to refund you the correspondingly reduced price of such product. We will examine and evaluate such cases on a case-by-case basis, depending on the specific type of product, its condition, the cost of cleaning, repairing or replacing parts so that we can sell it to someone else. For example, the value of a product may be diminished by such situations as plugging it in and using it, pouring coffee in and starting the grinder or brewer, pouring liquids or food or chemical products into the device, or finally - for example, test making coffee in the machine and returning it as a withdrawal from the contract with a request for a refund of all the money paid.

When and how can you cancel the agreement?

33. You can withdraw from the sales contract, i.e. cancel the contract concluded with us. You do not have to give a reason for your decision or incur any additional costs (with exceptions, which we describe below).
34. You can withdraw from the contract within 365 days from the date you place your order. In order to meet this deadline you must send us a statement of withdrawal no later than 365 days. You can send your statement to us by e-mail to sklep@coffeedesk.pl or by post to 12 Sienkiewicza Street, 78-100 Kolobrzeg. If you have an account in our store you can withdraw from the contract after logging in to it.

35. You can make a statement of withdrawal using the statement form that we have developed for you and attached to these terms and conditions (Form No. 1). You can also develop the content of the statement yourself.
36. After you send us the statement of withdrawal, send a package with the products you want to return under the withdrawal. You must do this within 14 days of sending us the statement that you are withdrawing from the contract. Send the returned products to the address: 4 Zachodnia St., Hall C, 78-100 Kolobrzeg.

When and how will we refund your paid funds?

37. If you withdraw from the contract, we will return the funds due to you within 14 days from the day we collect the products you sent back. We will do this by the same method we received payment from you when you placed your order, unless we agree with you otherwise.
38. If you are withdrawing from a contract that relates to an order you placed with delivery to Poland after registering an account with our store, then you can use the free return shipping methods available there within the territory of Poland. If you have shopped in our store without an account, then you have to bear the so-called direct costs of sending back the products - the cost of shipping and packaging are not refundable.
39. Returned products should come back to us in the best possible condition, i.e. without signs of use and without damage. If we find that the product was used or damaged, we may reduce the refund amount according to the diminished value of the product, or in some cases, for example, when the product has been destroyed by you, refuse to issue a refund altogether.

What products can't you return to us under the right of withdrawal?

40. According to the law, you do not have the right to withdraw from the contract when you buy products from us that:
 - a. have been created to your individual order, manufactured to your specifications or individual needs;
 - b. are subject to rapid deterioration or have a short shelf life or consumption date;
 - c. have been opened, and for reasons of hygiene or health protection are delivered in sealed packaging;
41. The right of withdrawal also does not apply to services that, with your express and prior consent, we perform before the withdrawal period expires.

When and how can you complain about a defective product?

42. According to the law, we, as the seller, are liable for any lack of conformity in the products that exists at the time of delivery and is revealed within 2 years from that date. This means that if the product you bought does not conform to what was agreed upon at the time of purchase - for example, it doesn't match the description, has defects we didn't describe in the offer, or doesn't work properly - you have the right to report it to us and we will take appropriate steps to solve the problem, for example, by repairing it, replacing it with a new product, reducing the price or, as a last resort, refunding your money.
43. If the product's non-conformity with the contract becomes apparent within this 2-year period and you want to exercise your rights, send us a statement by email to sklep@coffeedesk.pl or by regular mail to 12 Sienkiewicza Street, 78-100 Kolobrzeg. If you have an account in our Store, you can make a complaint after logging into it by filling in the appropriate fields in your order history. You can also work out the content of the complaint yourself.
44. In the body of the complaint, please describe the defect (the product's nonconformity with the contract), the date it was discovered, and what action you expect from us.

45. You cannot cancel the contract if the product's non-conformity with the contract is not material. This means that if the product you purchased differs from what was specified in the sales contract, but this difference does not significantly affect its use, performance or functionality, you will not be able to exercise your right to withdraw from the contract. An example might be a minor aesthetic defect that does not affect the overall operation or usability of the product. In such cases, the product is presumed to continue to perform its basic functions and be as intended, so the law does not provide for cancellation of the contract for this reason.
46. In addition to your rights under the non-conformity of goods, you can exercise your rights under the warranty, if such applies to the product you bought. You will learn about it from the product description, its specifications or the documents attached to it. Unless otherwise expressly stated in the terms and conditions of the quality guarantee, you should address your claims directly to the guarantor (e.g., the manufacturer).
47. We will process your complaint within 14 days of receipt.
48. If we need to examine the product, we will ask you to send it to us or we will pick it up from you, at our expense. This is not always the case, however, it depends on your expectations for handling the matter, so send the product to us only after we ask you to do so. We will then provide you with the necessary information to do so.
49. You must make available to us (send us) the product if you want to exercise the right to repair or replace the product with a new one or to withdraw from the contract.
50. Remember that under consumer law, you first have the right to request repair or replacement of the product. You can only reduce the price or cancel the contract if:
 - a. we refuse to repair or replace the product,
 - b. we fail to repair or replace the product,
 - c. the non-conformity of the product with the contract is material, i.e. when the product does not correspond to the description given in the Store, does not correspond to the sample you received (e.g. when from the description it appeared that the grinder is electric, and after unpacking it turns out that it is a manual grinder).
 - d. We will inform you that we will not be able to repair the product so that it conforms to the terms of our contract, or that this will be done at an inconvenient time or circumstance for you.
51. If you are due a refund for the product as a result of a complaint, we will reimburse you within 14 days from the time we acknowledge your complaint, receive a statement of price reduction, or from the time you send a shipment with the product from the purchase of which you did under the complaint. We will refund you in the same way you paid for the product, but with your consent we may also refund you in another way.
